

Luis Noe Carreto Gómez

Computer Systems Engineering Student

7th-semester Computer Systems Engineering student at Universidad Autónoma de Aguascalientes, focused on web development, software development, databases and practical full-stack projects. Interested in building reliable solutions and continuously expanding technical skills.

SELECTED PROJECTS

Projects and applied work

01 · ACADEMIC PROJECT

PapelTech

Full-stack inventory and organization platform developed in a two-person team to simplify product management and support sales. Contributed across frontend and backend development, code review and integration of project improvements.

React · Node.js · Express · MySQL · JavaScript

Live Demo · GitHub

02 · ACADEMIC PROJECT

Medicitas

Medical appointment management platform with authenticated patient and doctor roles. Patients can request appointments, while doctors can review, accept, reject or reschedule them. Worked as a full-stack developer alongside another team member.

Angular · Node.js · Express · MySQL

Live Demo · Frontend · Backend

03 · ACADEMIC PROJECT

Complex Number Converter & Visualizer

Python application that converts complex numbers between rectangular and polar forms, calculates magnitude and phase angle, and plots the result on the complex plane to identify its quadrant. Created for electrical circuit analysis coursework.

Python · Complex Numbers · Mathematical Visualization

INDEPENDENT PROJECT

Digital QR Menu Development

Created QR-based digital menus for approximately four local food businesses. Worked with owners on the initial design, built mobile-friendly pages, generated QR access and refined each menu based on client feedback.

HTML · CSS · JavaScript · QR Integration · Client Communication

LOCATION

Aguascalientes, Ags., Mexico

CURRENT STATUS

Computer Systems Engineering Student

UNIVERSITY

Universidad Autónoma de Aguascalientes

CURRENT SEMESTER

7th Semester

EDUCATION

Academic background

2022 - Expected Dec 2027

B.S. in Computer Systems Engineering

Universidad Autónoma de Aguascalientes

TECHNICAL EXPERTISE

Core toolkit

Web

HTML · CSS · JavaScript
React · Angular

Backend

Node.js · Express

Databases

MySQL · PostgreSQL · MongoDB

Programming

JavaScript · Python · C · C++ · Java

Tools

Git · GitHub · VS Code

LANGUAGES & SOFT SKILLS

Spanish - Native

English - Intermediate

Responsibility · Organization · Adaptability ·
Self-Learning · Communication · Leadership
